Client Satisfaction Survey & Marketing Performance — Q1 2026

Compiled by Head of BD | March 2026 | INTERNAL

1. Client Satisfaction Survey Results — Q1 2026

Survey conducted March 2026. Sent to 32 active clients; 12 responded (37.5% response rate) via Google Forms. Results should be interpreted with caution given the small sample size. Non-responders may include less satisfied clients, potentially biasing results upward.

Dimension	Score (1–5)	FY2025 Score	Change	Sample Verbatim Comment
Quality of candidates submitted	4.1	3.9	+0.2	"Candidates are generally well-matched; occasionally over-qualify for the role"
Speed / time-to-fill	3.6	3.4	+0.2	"Faster than some competitors but still slower than we would like"
Communication & transparency	3.1	3.0	+0.1	"Updates are inconsistent — some weeks nothing, then multiple at once"
Understanding of our business	4.2	4.0	+0.2	"Aleksander really understands what we need in engineering hires"
Responsiveness (emails, calls)	3.8	3.6	+0.2	"Generally good but drops off mid-search when nothing to report"
Professionalism of the team	4.4	4.3	+0.1	"Always professional and well-prepared in meetings and presentations"
Value for money	3.5	3.3	+0.2	"Fees are fair for exec search; feels high for junior and mid roles"
Likelihood to recommend (NPS)	3.9	3.7	+0.2	"Would recommend for specialist hires; less so for volume roles"
OVERALL AVERAGE	3.83	3.78	+0.05	Communication and transparency is the clear weak spot across all responses

Key Themes from Open-Ended Responses

Theme	Detail	Frequency
POSITIVE: Specialist knowledge	"Deep specialist knowledge in tech hiring"	7 of 12 respondents
POSITIVE: Cultural fit	"Good cultural fit for our business and industry"	5 of 12 respondents
POSITIVE: Proactive with candidates	"Consultants are proactive when they have candidates to submit"	4 of 12 respondents
NEGATIVE: Go quiet between updates	"Go quiet between submissions — don't know what's happening"	6 of 12 respondents
NEGATIVE: Want status dashboard	"Would like a status update dashboard or portal to self-serve"	4 of 12 respondents

Theme	Detail	Frequency
NEGATIVE: Waiting without clarity	"Sometimes feel like we're waiting without knowing why"	3 of 12 respondents
RPO-specific feedback	"The embedded model works well — we want to expand it" (DataNexus); "Happy but still feels like an agency, not in-house TA" (NovBit)	2 RPO clients

2. Client Base Analysis

Metric	Value	Notes
Total active clients FY2025	32	Clients with at least 1 mandate placed in FY2025
New clients acquired FY2025	9	vs 7 in FY2024; improving new business acquisition rate
Client repeat business rate	67%	67% of FY2025 revenue from returning clients (FY2024: 64%)
Average revenue per active client (FY2025)	€150,731	Range: €8,000 (smallest) to €421,000 (largest single client)
Top 5 clients (% of total revenue)	41%	Concentration risk noted; top client = 8.7% of total revenue
Clients using multiple service lines	8 of 32 (25%)	Perm + exec search, or perm + RPO combinations
Clients engaged > 3 years	14 of 32 (44%)	Strong loyalty in core client base; long-term relationships
Client churn FY2025 (lost accounts)	4 clients	2 moved in-house; 1 budget freeze; 1 quality complaint resolved
Average client relationship tenure	3.2 years	Range: 6 months (newest) to 9 years (founding client)
Geographic split of client HQ	BG:16 PL:9 RO:4 DACH:3	Growing DACH pipeline in FY2026 BD focus

3. Marketing & Brand Performance — FY2025

Meridian's marketing activity is limited. The BD team manages a LinkedIn page (2,840 followers), sends a quarterly newsletter (~450 subscribers), and attends 3–4 industry events per year. No SEO-optimised website beyond a basic brochure site, no paid advertising, no systematic content marketing programme.

Channel / Activity	FY2025 Activity	Lead Contribution	Est. Cost	Notes
Referrals — existing clients	Primary BD source	~45% new clients	€0 direct	Most valuable channel; no formal referral programme in place
Referrals — placed candidates	Secondary source	~20% new clients	€0 direct	Untracked; likely an undercount of actual contribution
LinkedIn (organic + BD outreach)	Active	~25% new clients	€38,400	12 LinkedIn Recruiter seats used for both sourcing and BD outreach
Industry events (HR & Tech)	4 events attended	~8% new clients	€18,200	Talent Summit Sofia, HR Expo Warsaw, TechRecruit Bucharest, SHRM virtual
Website / inbound	Minimal	~2% new clients	€6,000	No active content strategy; ~850 website visits per month

Channel / Activity	FY2025 Activity	Lead Contribution	Est. Cost	Notes
Quarterly newsletter	3 issues FY2025	Awareness only	€2,400	450 subscribers; ~28% open rate; no direct lead attribution
Cold outreach (BD calls/emails)	~200 attempts FY2025	~5 new clients	€96,000	Low conversion but high avg deal value (€36K+) when it converts

Data compiled from BD pipeline spreadsheet, Xero invoice records, and LinkedIn Analytics. Lead attribution is approximate — Meridian has no formal lead source tracking system. All channel percentages are estimates based on BD team recall and available records.
